Okay Sid this is your last Pizza in my office. In fact from today you will not enter my office without my permission. This is not your house, it is my office. There are some rules here, is that clear. Your work will be out with the staff. Because you have to know everything about the Mehra furnishing company. You will have to read the literature of the company, background, location everything. And then next Tuesday is the meeting and till then you will tell me which department you want to join. In the beginning everything will look dull but then if you concentrate you will find it interesting. One more thing Sid, you are not my spoilt son here, you are a trainee and you have to understand the working of a big company. You are very lucky.

Heilo my first Bombay friend, how are you? I was thinking about you today

I had gone to the magazine office today, it was my first interview and Sid it was amazing you know, some personalities are like that. They become friends as soon as you meet them. Have you ever felt like that. I had a appointment with the creative director of the company. It went off quiet well actually Amit is the head photographer of the magazine. If I get the job you can come to my office. My final interview is after some days. Keeping my fingers crossed

- Of course I can do. I have come so far from Calcutta to become a writer. I will learn a lot from you
- Writer you want to become a writer then why did you apply for this post. This is my assistant's post only clerical work it wont be any creative. To clear my table and anyway our magazine about Bombay and you are not from Bombay
- But you were also from Bangalore when you had joined this magazine and became editor in ten years. I know everything about you. Actually I thought a lot before joining this job. - Sid Sid don't you dare walk out you will wait there and listen to me quietly. At your age my father died and I was married. I took the responsibility of the whole house. We used to stay in a chawl in Jogeshwari. I struggled and earned so that I give you all this. This life style your arrogance

Sid

Main hu ki hum baat nahi kar rahe aur aap ab bhi naraaz hai mujhse aur mujhe lagta tha ki aap kisi din mujhe phone karenge aur vapas ghar bula lenge. Par aapne aisa nahi kiya maine bhi soch liya ki jab tak aap mujhe khud nahi bulayenge main aapse milne nahi aaunga. Lekin aaj mujhe job mila gaya hai. Ek magazine mein assistant photographer ki post hai aur mujhe ye job karna hai. Ek mahine se photographs le raha hu kaam kar raha hu main bahut khush hu. Main janta hu ki photography ke bare mein maine kabhi baat nahi ki aur hamara family business bhi hai. Lekin pata nahi kyo mujhe lagta hai ki aap mujhe samajh jayenge. Aap samjhenge kyo ki photography mujhe ap se hi mili hai. Main bhool gaya tha ki photography aap ki bhi hobby hai kitne photographs lete the aap. Phir kyo bund kar diya aapne?

I am and you don't even talk and still you are angry on me and I used to feel that some day you would ring me and ask me to come back home, but you didn't do that. I have also decided that till you don't call me I wont come to meet you. But today I have got a job. And the post is of an assistant photographer in a magazine and I want to do this job. I am clicking photographs since one month and I am quite happy. I know that I have never talked about the photography and its out family business also. But I don't know why I feel that you would understand me. You will understand because I have got photography from you only. I had forgotten that photography was your hobby also, you were taking so many photographs. Then why did you stop that?

Mehra

Tum bade ho gaye beta. Tumhare paas mere photos ke liye waqt hi nahi raha aur mere liye photography ka matlab tha tumhari tasveere khinchna

You have grown up son. You didn't have time for my photographs and for me the meaning of photographs was to click your photos.
